ROBERT CROWN

A dynamic business executive, Robert Crown channeled much of his time and expertise into the Scouting program. He was a Scouter in the Northeast Illinois Council and filled such important volunteer positions as Council Member at Large, Executive Board Associate Member and Honorary Vice President.

In his highly distinguished Naval career, he was discharged from active duty with the rank of Lieutenant, USNR. After release into inactive duty, he maintained interest in the Navy by participating in the Naval Reserve Program where he advanced to Captain. He was National President of the Navy League, was twice awarded the U.S. Navy Distinguished Public Service Award and in 1969 was presented the highest civilian award, the Robert M. Thompson Award for outstanding contribution in the furtherance of sea power.
